

# TOWER ATTACHMENTS & COLOCATION

The wireless world continues to change and grow and the need for tower space is growing with it. Building new infrastructure is costly and requires community approvals, but Hydro One Telecom's tower attachment services provide you with timely and cost effective access to a network of utility grade towers across Ontario. Tower attachments are ideal for Carriers, Service providers and Public Sector organizations.

## **Expanded Footprint**

Hydro One Telecom tower attachment services expand your organization's network according to your requirements. We offer attachment options at our towers across Ontario, providing rapid and cost-effective solutions designed to meet the demands of your business.

## **Optional Backhaul, Monitoring and Co-Location Services**

Along with antenna attachments, Hydro One Telecom offers backhaul and connectivity to meet your unique network requirements. We will work with you to construct the right solution for your equipment on site, co-located in our shelter or in your shelter placed on our premises. Monitoring options for door alarms and batteries are also available.

## **Ontario-Wide Fibre Network With Connectivity To Points Beyond**

Hydro One Telecom has an extensive fibre-optic network spanning more than 6,000 kilometers, which makes it possible for businesses and organizations to link facilities and offices in diverse or remote locations. Because our network is interconnected to North American carriers, we can provide network solutions that go beyond Ontario's borders.

## **A System Designed For Stability And Reliability**

With Hydro One Telecom, you benefit from a system designed for stability and reliability and built for maximum resilience. Originally constructed to protect and control Ontario's electricity grid, our fibre network runs above ground on Hydro One's transmission towers and is monitored by Hydro One's award-winning network operation centre.

## **Superior Standards And Service Excellence**

Hydro One Telecom's service level agreements are among the highest in the industry. Our customer satisfaction level is over 90 per cent.
